Let's get to know one another....

The Compound is a juried show. Our mission is to build a show of superior quality, equal to or better than competitive shows throughout the Round Top area.

We evaluate our participating dealers in several ways, including:

- How your offering fits with our existing dealer base
- Quality of merchandise
- Quality of booth merchandising
- How you market yourself and your business.

Setting a new standard.

Applying dealers may text photos of their current booth for evaluation; alternatively we will visit your booth during the Round Top show, prior to acceptance.
